Bringing Stories to Life at the Prabhulal Premchand Shah Library Celebrating the Joy of Storytelling for Young Readers

The Prabhulal Premchand Shah Library was recently filled with laughter, curiosity, and wide-eyed wonder as our children's area hosted four magical Story Time sessions that left young audiences and their families truly delighted.

Held as part of our ongoing initiative to foster early reading habits, these lively one-hour sessions are thoughtfully designed for children aged 1 to 10 years. They aim to nurture imagination, spark a love for books, and build a warm, inclusive space for our youngest readers.

On 27th April and 18th May storyteller Nikunj Shah enchanted children with his animated storytelling style. His dynamic voice, expressive gestures, and playful interaction kept little ones engaged from the very first word, drawing smiles, giggles, and enthusiastic participation. The storytelling magic continued on 4th May, when acclaimed author Dolly Badhan—known for her popular book series—brought her characters and tales to life. With charm and creativity, she guided children through imaginative worlds, encouraging them to ask questions, dream big, and see reading as an exciting adventure. On 11th May Niraj Varia brought to life yet another Sunday morning with excited children earning for an exciting story.

Each session concluded with families exploring the library's expansive collection of children's books, offering an opportunity to borrow new favourites and spend quality time discovering age-appropriate stories across genres.

We're proud to see these storytelling events becoming cherished moments for our community and look forward to hosting more in the future. Through such initiatives, the P.P.S Library continues to champion literacy and cultivate a lifelong love for reading in our youngest visitors.
